

IWE/IWT Blended Learning Course

Starts in December 2026

ABOUT

The specialization is performed according the guidelines (IAB-252 and IAB-195) and the authorization of the International Welding Institute (IIW) and is intended for everyone who encounters welding in their work and wants to deepen their knowledge in this field. By obtaining a diploma, welding coordinators meet the qualification requirements in companies that want to obtain and maintain certificates for quality assurance in welding according to the standards EN ISO 3834, EN ISO 14731, EN 15085 and EN 1090.

ACCESS CONDITIONS

The course is open to those who have completed an engineering degree or equivalent graduation for IWE or higher technical education for applying IWT and according the guidelines IAB-020.

DIPLOMA

After successful completion of the course, and passing the examination the participants receive an international IIW diploma issued by the Slovenian Welding Society - (SDVT) on behalf of IIW. The diploma is in English and is valid worldwide.
